Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Saturday 11 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Turning dry and often clear tonight. Cloudy with rain Sunday.

This Evening and Tonight:
Isolated light showers fading away to leave a drier but rather cloudy night, with some local mist and fog. Perhaps becoming cloudier from the north by dawn, with patchy rain. Minimum temperature 7 deg C (45 deg F).

Sunday:
Rather cloudy and damp, with intermittent light rain and drizzle possible for much of the day, with winds light throughout. Feeling a little less warm than of late. Maximum temperature 17 deg C (63 deg F).

Outlook for Monday to Wednesday:
Changeable through this period, with relatively high uncertainty. Perhaps fine to start Monday, with a risk of rain later. Likely staying unsettled Tuesday and Wednesday, with some rain and showers.
